Chain pullers

Easy mounting of connecting links

Due to the overall weight it is often extremely cumbersome to assemble two chain ends without any tools.

By means of our practical chain puller, the two ends of the chain are pulled together far enough for a connecting link to be mounted without any difficulties.

This chain puller can be supplied in two sizes:

No.	For chain pitches p	Clamping width	Weight
135	12,7 to 19,05 mm	50,0 mm	0,2 kg
